🚀 LeetCode

EDUCATION

Chaitanya Bharathi Institute of Technology, Hyderabad

Sep 2023 – May 2027

B.E. in Computer Science and Engineering — **CGPA - 8.10**

TSWRSJC COE, Kondapur

Jun 2021 – Apr 2023

Class XII (Board of Intermediate Education) — **Percentage - 96.6%**

EXPERIENCE

Edunet Foundation

Aug 2025 – Oct 2025

Frontend Developer Intern

- Architected a responsive **Weather Analytics Platform** using **React.js**, **JavaScript**, and **Tailwind CSS**, delivering real-time forecasts and weather insights across **1,00,000+** global locations.
- Leveraged **OpenWeatherMap** and **Geolocation APIs** for real-time weather forecasting, implementing efficient data handling for faster and location-aware insights.
- Implemented reusable frontend components and optimized state management using **React.js** and **Tailwind CSS**, improving code maintainability, scalability, and overall application performance.

KEY PROJECTS

NutriGuard AI

🐙 GitHub

Live

Python, FastAPI, Groq LLM, Next.js, Machine Learning

- Engineered an **AI-powered food safety platform** utilizing **OCR** and barcode scanning, achieving a **95% accuracy rate** in detecting harmful additives from product labels.
- Designed an **LLM-driven risk assessment engine**, processing user queries to generate personalized and explainable health insights backed by scientific evidence.
- Orchestrated **FastAPI**, **Machine Learning**, and **Groq LLM** to deliver real-time evaluations, reducing processing and response time to **under 2 seconds** per product scan.

SkillBridge – AI-Powered Service Marketplace

🐙 GitHub

Live

FastAPI, Next.js, MongoDB, Groq (Llama 3.3 70B), JWT Authentication

- Built an **AI-powered workforce marketplace** using **FastAPI** and **Next.js**, streamlining booking workflows and accelerating customer-to-professional matching by **40%**.
- Developed a recommendation engine based on **location, expertise, ratings, and availability**, boosting service discovery relevance and platform engagement by **25%**.
- Integrated **Llama 3.3 70B** to automatically generate project guidance and cost estimates, saving users an average of **15 minutes** of manual planning per request.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, SQL

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, FastAPI, RESTful API Development, JWT Authentication

Machine Learning: Scikit-learn, NumPy, Pandas, OpenCV, OCR, Model Development

Databases: MongoDB, MySQL

Developer Tools: Git, GitHub, Postman, VS Code, Vercel

Core Computer Science: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks

ACHIEVEMENTS

- Solved **500+** coding problems across LeetCode and HackerRank.
- Maintained a **100+ day LeetCode streak** demonstrating consistent problem-solving practice.
- Secured **Rank 9945** in **TS EAMCET 2023** among **2,00,000+** candidates.
- Qualified **JEE Advanced 2023** and achieved **85 Percentile** in JEE Mains 2023.

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
- SQL (Intermediate) – HackerRank
- Unsupervised Machine Learning – Coursera
